Company Profile

Shanghai Lecocq Industry Co., Ltd. was established in 2005 as a provider of food technology, raw materials, and ingredients production. We offer excellent food technology solutions including dairy, fruit juice, carbonated beverage, candy, biscuits, and color protection technologies.

We operate four factories in China producing probiotics, flavors, solid beverages, and beef, plus a dairy production facility in Africa. Our commitment is to help customers enhance product competitiveness, control costs, and optimize product structure while providing professional technical guidance throughout the production process.

FAQ

1. Who are we?

We specialize in freeze-dried probiotic powder, food flavors, daily chemical flavors, and food stabilizers. With four Chinese factories producing probiotics, flavors, solid beverages, and beef, plus an African dairy facility, we provide professional products and technical support.

Our flavor products include:

- Powder and liquid flavors for household and industrial use
- Food flavors for ice cream, juice, and beverages
- Flavors for snack products and biscuits
- Flavors for daily chemicals and tobacco products

2. How do we guarantee quality?

- Pre-production samples before mass production

Final inspection before shipment

3. What can you buy from us?

Lyophilized Probiotics, Flavors, Stabilizers for dairy and juice

4. What services do we provide?

Delivery Terms: FOB, CFR, CIF

Payment Currency: USD
