## Product Description

### Basic Info.

Model NO.	Ergothioneine
Application Form	Injection, Lotion, Suppository, Paste, Tablet, Capsule
Application	Food, Health Care Products, Medicine
State	Powder
Extract Source	Agaricus Blazei Murill
Certificate	Halal
Shelf Life	2 Years
Color	Yellow to Yellow Brown Powder
Sample	Available
Brand Name	KOMESZ
Extraction Type	Liquid-Solid Extraction
Packaging	25kg/Drum
Place of Origin	Shanghai, China, China
Mesh	80 Mesh
Specifications	Adenosine 0.2%, Mannitol 7%
Production Capacity	50000t Per Year

### Product Description

Product Name	Agaricus Blazei Murill Extract / Ergothioneine
Extraction site	Agaricus blazei Murill
Specification	Ergothioneine 1%~2%
Character	Yellow to yellow brown powder
Mesh	80 mesh
Detection method	HPLC
Packaging	25 kg/barrel, can according to customer requirements packaging
Storage conditions	Sealed away from light, store in a cool, dry ventilated place

### Product Description

Agaricus Blazei Murill Extract, derived from medicinal mushroom Agaricus blazei Murill, is a potent supplement known for its rich content of bioactive compounds. It is carefully processed to ensure optimal purity and efficacy. Our Agaricus Murill Extract is produced using advanced extraction techniques, preserving the beneficial components of this remarkable mushroom.

### Function

The Agaricus Blazei Murill Extract offers a wide range of health benefits. Its bioactive compounds, such as polysaccharides, beta-glucans, and antioxidants, contribute to its immune-enhancing properties. The extract supports a healthy immune system response, helping the body defend against external threats and promoting overall well-being. Furthermore, it may assist in maintaining optimal cellular health, promoting vitality, and supporting the body's natural detoxification processes.

### Application

Agaricus Blazei Murill Extract can be used in various applications to harness its health-promoting qualities. It is commonly utilized as a dietary supplement, available in the form of capsules, tablets, or powders. Consuming the extract regularly can support immune function, provide antioxidant support, and promote overall wellness. Additionally, the extract can be incorporated into functional foods, beverages, or nutraceutical formulations to enhance their nutritional value and offer immune-boosting benefits.
